A photograph of two men in business suits standing at a large wooden desk in an office. The man on the left is wearing a light grey suit and a striped tie, looking down at a document. The man on the right is wearing a dark pinstriped suit and a red tie, holding a large sheet of paper. The background features a wall of stone tiles and a framed picture on the wall. A diamond-shaped graphic overlay is centered on the image.

A DIVISION OF
AMERICAN IRON & METAL

A LEGACY FOR A SUSTAINABLE FUTURE [↗](#)

Founded in 1936, AIM Recycling, a division of American Iron & Metal (AIM) is a family-owned Canadian company that has become one of the world's leading metal recyclers. Fueled by a commitment to delivering exceptional service, AIM Recycling specializes in the recovery and recycling of ferrous and non-ferrous metals. With the dedication of over 4,000 valued employees, we have grown into a multifaceted success story, with a global presence and over 135 clean, safe, reliable, and publicly accessible recycling facilities worldwide.

Under the leadership of Herbert and Ron Black, successors of the company's founder, AIM Recycling proudly commits to maintaining their longstanding standards for quality and exceptional service. This commitment ensures that client expectations will not only be met but surpassed throughout the entire process.

A VISION
BECOMES REALITY

A MARKET LEADER AND INNOVATOR

Offering a comprehensive range of recycling services, our objective is to cultivate customer relationships grounded in transparency and premium service, tailored to the specific needs of each individual customer. AIM Recycling takes pride in its continuous progress, driven by bold innovation and ongoing enhancements in all facets of our operations.

As a global leader in metal recycling, we are dedicated to providing top-quality services to our customers. Simultaneously, we cultivate a closely-knit community among our employees and business partners, fostering collaboration and shared success.

PIONEERING EXCELLENCE

An aerial photograph of a large industrial facility, possibly a recycling or waste management plant. The facility is situated in a green, wooded area. It features several large buildings, some with blue accents, and a central area with large piles of brown material. A road runs along the right side of the facility. In the foreground, there is a large area filled with white waste material. A white diamond-shaped logo is overlaid in the center of the image.

VERSATILITY &
PERFORMANCE

A COMMITMENT TO CUSTOMIZATION AND QUALITY

Our dedication to excellence isn't just a guiding principle—it's actively demonstrated by our committed staff in every facet of our operations, and extends to our cutting edge equipment and technology.

Materials in their final state are meticulously packaged to meet each client's unique requirements, resulting in a product of unparalleled quality. AIM Recycling's team, comprising engineers, machinists, chemists, and laboratory technicians, utilize cutting-edge technologies to analyze the metals slated for recycling. At every stage of the process, AIM Recycling specialists are unwavering in their commitment to maintaining the highest quality standards.

LEVERAGING
A GLOBAL FOOTPRINT

×

Our longstanding reputation is crafted through a commitment to innovative solutions, financial resilience, and an unmatched ability to deliver exceptional products and services worldwide.

Operating one of North America's largest private rail fleets, we take pride in our versatile transportation options for materials, including truck, rail, and cargo vessels. In challenging domestic markets, we have the capability to load cargo vessels at multiple ports throughout North America, in addition to utilizing sea containers for shipping.

OUR COMMUNITY

We take pride in nurturing the communities where our employees, business partners, and charitable associates can flourish, relying on us to assist them in achieving their objectives. Our dedication extends to supporting the development of new programs, providing mentorship opportunities, and launching additional fundraising initiatives. We actively invest in the communities we are a part of, as we believe success is achieved together.

TOGETHER, WE CAN MAKE A DIFFERENCE

AIM Recycling actively supports local and national not-for-profits across all communities we operate within.

A WORD FROM OUR CUSTOMER

“We were referred to AIM by a mutual colleague who insisted on the integrity of their service. We had little reason to doubt our previous scrap metal partner, but in hindsight little reason to trust. AIM’s world class team and infrastructure that was provided in their plan for our business has exceeded all expectations, quickly becoming our most trusted business partner not because they promised, but because they deliver. The only regret we have is not making contact with AIM sooner.”
